Diet for camelids and alpaca

Maintenance pellets as complementary feed for a variety of camelids

Our diet for camelids, alpaca and lama, is completely without any artificial additive's soya and aromas. The diet contains a tasty blend of apple, carrots, and much more. The feed is therefore a completely natural and healthy product.

Composition:

Maize, barley, beetroot, alfalfa, carob, carrots, peas, full fat linseed, apple, molasses, calcium carbonate, salt, and vitamin/mineral mix.

Analytical constituents:

Energy 12,5 MJ kilo/ dry matter, Starch 17,4 %, Sugar 9,1 %, Crude protein 11,6 %, Fat 5,0 %, Ash 6,3 %, Crude fibers 18,3 %
